DVA T4 LINE ARRAY

4 Box Per Side with Subs

10,700 watt RMS

Hire Price **\$770.00**

- 8 x DVA T4 Line array Modules
- 2 x DVA S20 18" Subs
- All necessary cables included

Description

This 4 per side Line array is designed as an easy to use step into mid-range line array systems.

This pack includes 8 DVA T4 line array modules which can be either flown or ground stacked on top of 2 x double 18" DVA S20 subwoofers.

This is uses powered line array cabinets and has internal crossovers within the S20's subwoofers, making it a very easy and quick system to set up.

This set up is ideal for small concerts & outdoor events.

This system is designed to be flown, but can also be ground stacked.

8 Box Per Side with Subs

21,400 watt RMS

Hire Price **\$1870.00**

- 16 x DVA T4 Line array Modules
- 4 x Double 18" Passive Subs
- 2 x Power Amps
- 2 x Crossover
- All Rigging Accessories included to fly the system (Slings, Fly bars etc)
- All necessary cables included(3-Phase Ext not included)

Description

This 8 per side DVA T4 Line array is designed as an extension from our 4 per side line array set-up.

With more power, more line array modules and more subwoofers this system is not just louder, but will significantly improve your audio coverage, clarity and performance.

This system is designed to be flown, making it a great choice for concerts, small to mid-sized outdoor events and high-end corporate work.
